

Vertoris Pizza House was a small hole-in-the-wall pizza parlor when I bought it in June of 2006. After renovating the dining room in the spring of 2007 I added beer and wine and became a member of the Sarasota-Manatee Originals Restaurants. In 2008, after a good friend told me she could no longer eat wheat because she was diagnosed with an auto-immune disease known as Celiac Disease, I decided to experiment with gluten-free cooking and baking and expand beyond my signature spring-wheat and whole-wheat pizza and pastas. I researched and began testing various non-wheat flours, combining them with Xanthan Gum, which adds volume, viscosity & structure, and started producing quality, gluten-free baked goods. Delving deeper into the gluten-free world, I studied under a Chef in Beaver Creek, CO last summer and brought a decadent flourless chocolate cake to our menu. I also partnered with Conte's Pasta located in Vineland, NJ to make our GF stuffed shells and cheese ravioli. Today, our menu includes GF pizza, pasta, soups, breads and desserts with something new being added after testing on my staff, friends, family and customers. My signature sauces are housemade, are Gluten-free, Wheat-free, MSG- free, Vegan and Dairy-free*. I hope you enjoy the changes as much as I. At Vertoris, Everybody Eatza Pizza.

Christine Harman, President
